

To : Dear Valued Customers

Product Change Notice

Subject:

SOD-123H Devices Change for Overall Appearance

Parts Affected:

CGRMT4004-HF / CGRMT4007 series will be changed and produced by new mold.
Changes of size are shown as below pictures:

Before 變更前	After 變更後

Reason for Change:

1. Current molding design is strip-type mold. It tends to cause chipping on the edge of devices after singulation by multi-cutter technic.
2. Productivity and inspection becomes low and difficult according to our standard of chipping(<0.2mm).
3. Therefore, our supply cannot meet demand from customers.
4. Strip-type mold is replaced with multi-cavity of strip type mold. To limit the range of chipping by the trenches which facilitates devices to conform with standard of chipping after cutting technic.

Effect of Change:

1. Change of overall molding will not affect the readability of marking.
2. Change of overall molding will not affect electricity characteristics and hermetic seal.

Effective Date of Change:

2014/1/25
