General Product Description:

Packaging

Description of Changes

Changing from Convoluted Foam Layer Packaging to Bubble Sheet Layer Packaging

Reason for Changes:

Product improvement. The purpose of this packaging material change is to be aligned with "The Global Green Initiative". The convoluted Foam that has been used is not a recyclable material. However, the Bubble Sheet is recyclable with other like plastic materials such as polybags and stretch film. ISTA 2A Packaging Testing has been completed that has passed 100% on the Bubble Sheet Material. This document is for "Notification Only". We will not be providing PPAP's for this change. This is a packaging change only. No changes to the Form, Fit or Function of the product.
